

# Are you between the ages of 60 and 80? Have you used cannabis in the last year?

*You could participate in a research study at UCCS investigating cannabis use and health between younger and older adults:*

You may be eligible to participate if you are:

- Between the ages of 60 and 80
- Have used cannabis at least once a week in the last year
- Live in Colorado
- Have internet access

This study is online and in-person which involves:

- An initial online questionnaire (about 15-20 mins.)
- Two cognitive testing sessions (about 3-4 hours each) about 9 months apart
- Monthly online surveys (about 15-20 mins.)
- Compensation for your time

*If you are interested in getting more information or signing up to participate, please email [nca@uccs.edu](mailto:nca@uccs.edu). Your participation is completely voluntary, and you can choose to be in the study or not and to stop at any time. This study is approved by the Institutional Review Board (IRB) at the University of Colorado Colorado Springs (UCCS).*
